Julie's passion for photography started many years ago with a love for photographing her own children. After a few photography classes, she began to photograph friends and family...and the word spread quickly. Julie's Portrait Design business has blossomed primarily through word of mouth, and she credits her consistently high sales average to providing her clients with only the best. And she offers many custom products and unique items that are only available through her studio. Julie has had prints chosen for both the PPA Loan Collection and PPA General Collection books, nine judge's ribbons, three Fuji Masterpiece Awards, a Kodak Gallery Award, and dozens of other awards (including several Best of Shows, Top Ten in Kansas, and a Kansas Photographer of the Year award). Recently, she swept the children's portrait category in both State and Heart of America Print Competitions, being awarded first, second, and third place! You won't want to miss this day with Julie. Julie is also speaking at Nationals IMAGING this year.
